

REPORT OF THE EXPERT GROUP

The Expert Group of SINGAPORE 2015 made a specific review of exhibits, which had been queried at previous FIP (including FIAP/FEPA/FAF) exhibitions where certificates were requested. Out of 67 items identified, 18 had certificates provided and the other 49 items were not exhibited.

Members of the Group also inspected as many exhibits as possible in each competitive class including the Youth Class 10C. Dubious items reported by judging teams were checked. In addition, all the exhibits in the Championship Class were examined.

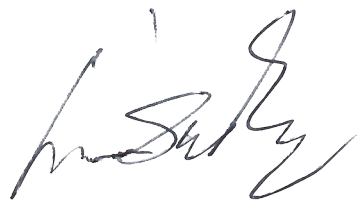

As a result, a total of 44 new items were removed from the frames for closer examination and the recommendations of the Expert Group were as follow:

No action required	6 items
Has to be Certified	38 items
Total	44 items

The reports of the items examined together with illustrations in duplicate were handed over personally to the National Commissioners concerned for onward transmission to respective exhibitors and National Federations. This would ensure that the decision had been properly conveyed . Copies of the same document in colour were retained for FIP records.

The Expert Group, consisting of Mr Lim Sa Bee , Mr Michael Ho , Mr Eddie Leibn and Mr Suwito Harsono , would like to thank the judging teams and the National Commissioners for their co-operation as well as the Organizing Committee for the excellent facilities for the smooth working of our group.
