

## REPORT OF EXPERT GROUP

The Expert Group of New York 2016 made a specific review of exhibits, which had been queried at previous FIP (including FIAP/FEPA/FAF) exhibitions where certificates were requested. Out of 82 items identified, 24 had certificates provided, 58 were not exhibited.

Members of Group also inspected as many exhibits as possible in each competitive class included the Youth Class C. Dubious items reported by judging teams were checked. In additions, all exhibits in the Championship Class were examined.

As a result, a total of 42 new items were removed from the frames for closer examination and the recommendations of the Expert Group were as follow:

No action required	12 items
Has to be certified	26 items
Do not exhibits again	4 items

The reports of the items examined together with illustrations in duplicate were handed over personally to the National Commissioners concerned for onward transmission to the respective exhibitors and National Federations. This would ensure that the decision had been properly conveyed. Copies of same documents in color were retained for FIP records.

The Expert Group, consisting of Messrs Tay Peng Hian, Robert Odenweller, Chang Chien-Pien, David Petruzelli, and Tono Dwi Putranto, would like to thank the judging teams and National Commissioners for their co-operations as well as the Organizing Committee for the excellent facilities for the smooth working of our group.

New York, 31 May 2016

Tay Peng Hian  
Expert Group Team Leader
